

## Representing You

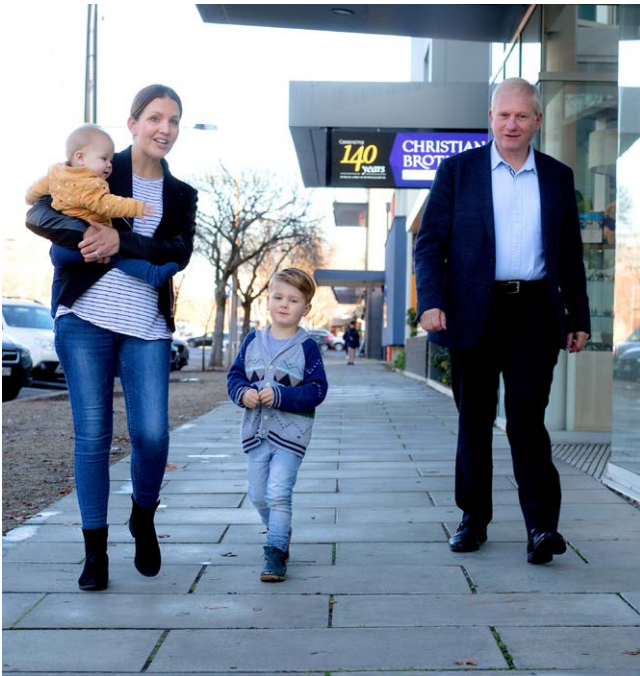

I strive to bring to Council demonstrated Personal and Business experience.

An understanding of what is required for residents and businesses at grass roots level.

An ability to influence the decisions and strategic direction of Adelaide City Council.

I offer you the openness and transparency required to govern.

***Hence, I ask for your support to represent you on Council for the next 4 years.***

***Vote from 22 October 2018***

***Polls Close : Noon - Friday 9 November***

## Who I Am

With my wife Barbara and three sons, I am the owner of **Barossa Fine Foods** a family business of almost 3 decades longevity.

We started in the Adelaide Central Market and have grown over the last 28 years to flourish today as a successful South Australian owned and operated business.

**I need your support and vote** to become a Councillor in the Adelaide 2018 Council Elections.

My desire is to represent our local community, to balance the needs of residents and business. I understand many issues facing rate payers and care about our city and what Council should be delivering for you.

**Please visit my Website for more about Policies I'm passionate about and follow me on Facebook to keep in tune with local discussion.**

## Community Involvement

- **Grote Precinct** committee member
- **City South** Precinct Association member
- President, **Adelaide Central Market Traders** association for 9 years
- **Active stall holder** in the Adelaide Central Market for over 15 years
- Northern Economic Leaders Board member
- Industry Leaders group
- 2012 Bickfords Food Industry Business Leader

## What I see for our City

**Make Adelaide a 10-minute city** with convenient, innovative public transport that connects each corner inside the parklands.

**Make it easier to drive** into the CBD from the suburbs and for tourists.

**To make city spaces safer** at night.

To help Adelaide become the premier **Wine Capital of the World**.

**To enable city businesses & community groups** to remain sustainable in representing the interests of the rate payers of each city precinct.

Ensure the Central Market redevelopment and 88 O'Connell development **reflect community expectations** and ensure there is minimal disruption during construction.

**Help prevent council dysfunction** by working together with councillors to make decisions, advance city projects and needs of the community.

**Create a bike and walking trail** through the parklands that passes over all main roads.
